Chelsea and Westminster Hospital **NHS**
NHS Foundation Trust

A message from Chief Executive Heather Lawrence

I am delighted to introduce you to our newest sexual health service—56 Dean Street.

Our staff have worked together with users of our existing services to design this modern, stylish and reassuring environment.

The staff at 56 Dean Street will use the latest technology to deliver a personalised service to people who live and work in the Soho area.

Chelsea and Westminster Hospital NHS Foundation Trust is proud of its HIV and Sexual Health services which have a national and international reputation.

56 Dean Street was opened on Tuesday 12 May 2009 by **Lord Darzi of Denham KBE**, Parliamentary Under Secretary of State for Health.

On 4 July 2008, the Prime Minister and Health Secretary announced that Lord Darzi would lead a review of the NHS.

The review would advise on how to meet the challenges of delivering healthcare over the next decade.

Lord Darzi was knighted by the Queen, for his service to medicine and surgery in December 2002.

The colours, finishes and quality of materials and furnishings have created an inviting, comfortable, reassuring and stylish environment.

Services

56 Dean Street is a state-of-the-art HIV and sexual health centre located in the heart of Soho.
